2	Query #3	06 May, 2014
3	Queries #4 to #7	07 May, 2014

Query # 8:

Page 7 of the RFQ states that "Proponents of the RFP will be required to have early engagement with LRV supplier companies to meet the requirements for early LRV and systems design submissions..." Given the requirement for early technical submittals beginning in October 2014, will the City release the LRV performance specification immediately (even if in Draft form) or, if not, prior to the September 2014 RFP release date?

Response # 8:

Respondents should consider Section 2.3.5 i) of the RFQ. The City will consider the release of the LRV performance specifications following notice to the shortlist Proponents for the RFP.

Such release may occur prior to the formal release of the full RFP document, subject to the execution of confidentiality agreements.
