

2015 AAWDT REPORT

CITY PLANNING

Introduction

This document provides a comprehensive overview of traffic volumes collected using Average Annual Weekday Traffic (AAWDT) over a 24 hour period for a typical Monday, Tuesday, Wednesday or Thursday. Please refer to the 2010 – 2015 AADT Report for the Average Annual Daily Traffic, which includes Fridays,

Saturdays, Sundays, and holidays.

Estimated volumes are derived from growth factors at permanent counting sites, applied

to the most recent actual count volume at a given location.

Seasonal Adjustments

Volumes are based on counts of a minimum one day duration (usually completed between April and October) and are adjusted to reflect an average weekday during the year. Adjustments are based on variations by time of year measured at permanent

Traffic volumes

Traffic volume studies are conducted to determine the number of vehicles at a given location.

The following listing includes traffic counts obtained with automatic traffic recorders over the past six years. The volume shown is the total of all vehicles in

both directions over a 24 hour period for a typical weekday.

- ◆ A blank cell indicates no count was undertaken that year.
- ◆ Volumes that were obtained from

counts conducted during that year are displayed in **bold** font.

- ◆ Volumes that were estimated from counts conducted in previous years are displayed in grey font.

137 Avenue West of St.Albert Trail	-	-	-	23500	25600	29000

An increase or decrease in volume does not necessarily indicate a trend for a given roadway. Some areas may record a temporary change in volume due to the reconstruction of a roadway segment. Although every attempt is made to avoid counting areas while diversions are in effect, some roadway projects affect traffic patterns for a long period of time and are reflected in the counts.

For example, the 2015 construction/ Road Rehabilitation program included:

- ◇ 100 Ave from 107 street
- ◇ 142 Street NW
- ◇ 105 Street Northbound Directional Closure
- ◇ 107 Street from Jasper Ave
- ◇ Fort Road from 129 Ave to 127 Ave
- ◇ Groat Road from 107 Ave
- ◇ 149 Street from 107 Ave to 111 Ave
- ◇ Stony Plain Road
- ◇ Sherwood Park freeway from 50 St

City of Edmonton
