

Construction Notice

Edmonton

FEBRUARY 2024

167 Street SW over Whitemud Creek Bridge Replacement

The City of Edmonton will begin the full replacement of the 167 Street SW Bridge, located over Whitemud Creek, on Range Road 254. The bridge is being replaced as it has reached the end of its useful service life. This work will require a full bridge closure for the project's duration. **Work is scheduled to begin on February 5, 2024 and is anticipated to be completed in Fall 2024.**

Scope of Work

- Demolition of existing bridge and guardrails
- Piling (abutments and piers)
- Construction of new bridge
- Roadway excavation and backfilling
- Landscaping and restoration

Access

During the construction period, no through traffic will be permitted on 167 Street SW. Local access to the north and south of the bridge will be maintained. Traffic can detour along Highway 19 or Township Road 510.

Affected location(s) are marked on the back of this bulletin.
