RE: REVISION of conditionally approved tentative plan of subdivision to create two (2) bareland condo units from Lots 3 and 4, Block 14, Plan 812 0859, located north of 23 Avenue NW and east of Parsons Road NW; **PARSONS INDUSTRIAL**

The subdivision was originally approved on August 18, 2022. It is being revised by shifting the proposed boundary to the west. This allows a row of parking stalls to be fully located within proposed Unit 2.

I The Subdivision by Plan is APPROVED on December 22, 2022, subject to the following conditions:

1. that the owner enter into a Servicing Agreement with the City of Edmonton to pay the Drainage Assessments applicable to this subdivision, pursuant to Section 655 of the Municipal Government Act;
2. that the owner register an easement for cross lot access as shown on the "Conditions of Approval" map, Enclosure I. The City shall be a party to the easement; and
3. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is a map of the subdivision identifying major conditions of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

If you have further questions, please contact subdivisions@edmonton.ca.

RE: Tentative plan of subdivision to create separate titles for a semi-detached dwelling from Lot 23, Block 31, Plan 2338HW, located south of 61 Avenue NW and east of 108 Street NW;
PLEASANTVIEW

The Subdivision by Plan is APPROVED on December 22, 2022, subject to the following conditions:

1. that the owner make satisfactory arrangements with EPCOR Water Services Inc. and EPCOR Drainage Services for the provision of separate services (water and sewer) to the proposed western lot; and
2. that the owner pay all outstanding property taxes prior to the endorsement of the plan of survey.

Enclosure I is an attachment of the major advisements throughout the subdivision process. Enclosure II is a map of the subdivision and identifies major conditions and advisements of this approval.

Please be advised that the approval is valid for one (1) year from the date on which the subdivision approval is given to the application. An extension beyond that time may be granted by the City of Edmonton.

Please be advised that an appeal may be lodged in accordance to Section 678 of the Municipal Government Act with the Subdivision and Development Appeal Board, 10019 - 103 Avenue NW, Edmonton Alberta, T5J 0G9, within 14 days from the date of the receipt of this decision. The date of receipt of the decision is deemed to be seven (7) days from the date the decision is mailed.

The Subdivision Authority did not receive comments from adjacent landowners. The application complies with the regulations set out in the Edmonton Zoning Bylaw, the land is serviceable, and the proposal advances a more compact urban form. The Subdivision Authority is of the opinion, after considering factors set out in Section 7 of the Subdivision and Development Regulation, that the land is suitable for the purpose for which the subdivision is intended.

If you have further questions, please contact subdivisions@edmonton.ca.

Please be advised of the following:

Next Steps for Subdivision Approval

- The next step in the subdivision process is to have a legal instrument prepared (ie. Plan of Survey) in order to register the approved subdivision. The legal instrument is then forwarded to the City for endorsement along with the endorsement fee (\$700.00 - 2022 Fees Schedule) and subsequently released to the applicant for registration at the Land Titles Office.

Transportation

- There are existing boulevard trees adjacent to the site on 61 Avenue NW that must be protected during construction. For information about tree protection please refer to the City of Edmonton's website (search "Trees and Construction").
- Any and all costs associated with tree work requests (removal, pruning or other) and/or remediation from damages are borne on to the proponent as per the Corporate Tree Management Policy (C456C). All work is to be carried out by Urban Forestry who can be contacted at citytrees@edmonton.ca. Removal of City of Edmonton trees must follow the Live Tree Removal Guidelines which include community notice and value compensation.
- Access for future development must be to the adjacent alley in conformance with Mature Neighbourhood Overlay Section 814.3(17) of the Zoning Bylaw #12800.
- There is an existing access to 61 Avenue NW. Upon redevelopment of proposed Lot 23B, the existing residential access to 61 Avenue NW must be removed. The owner/applicant will be required to obtain a Permit to remove the access, available from Development Services. Apply online at www.edmonton.ca/permits.
- Building Great Neighbourhoods is conducting neighbourhood renewal in Pleasantview for the 2023 construction season. Upon approval of the required Permit to remove the existing access to 61 Avenue NW, the owner has the opportunity to have the access removed as part of the neighbourhood renewal project. The owner should contact Aladdin Benayad, Delivery Project Manager of Building Great Neighbourhoods (780-4966-4057) for more information.

Building / Site

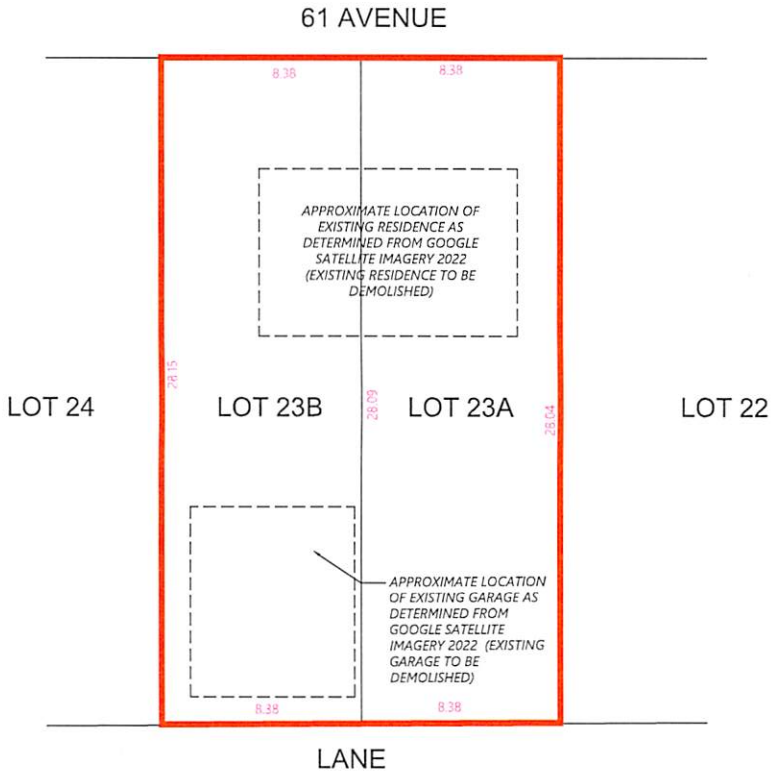

- The owner shall ensure that any change in property boundaries does not cause any structures on site to become non-compliant with the Safety Codes Act and the Alberta Building Code. Permits may be required for such changes. Please contact 311 for more information.

Servicing

- The owner is required to make satisfactory arrangements for, and pay all costs associated with separate servicing to each lot, as well as the modification, relocation and/or removal of existing services. For further information, please contact: EPCOR Distribution & Transmission Inc. (780-412-4000), TELUS Communications (Edmonton) Inc. (Real Estate Division [Rights of Way] 780-508-2456), ATCO Gas (780-424-5222), and EPCOR Drainage Services (Water and Sewer Servicing 780-496-5444).
- The existing services (water and sanitary) enter the proposed subdivision approximately 1.6 m west of the east property line of Lot 23 off 61 Avenue. As per the EPCOR Drainage Services Bylaw and the EPCOR Water Services and Wastewater Treatment Bylaw, these services cannot cross the proposed property line.

- There is an existing power pole that may interfere with access to the proposed Lot 23A. Subdivision Planning highly recommends that the applicant/owner contact EPCOR Distribution & Transmission to confirm whether this pole will inhibit alley access to the site, which may result in a delay with the issuance of the Development Permit. Contact EPCOR Customer Engineering Services for more information (ces@epcor.com).
- If power service crosses the proposed property line the owner may be required to provide a blanket easement in favour of EPCOR Distribution & Transmission Inc. If required, said easement shall be registered prior to or concurrent with the final plan of survey (contact EPCOR Land Administration Group at 780-412-3252).
