

GARIEPY NEIGHBOURHOOD AND ALLEY RENEWAL

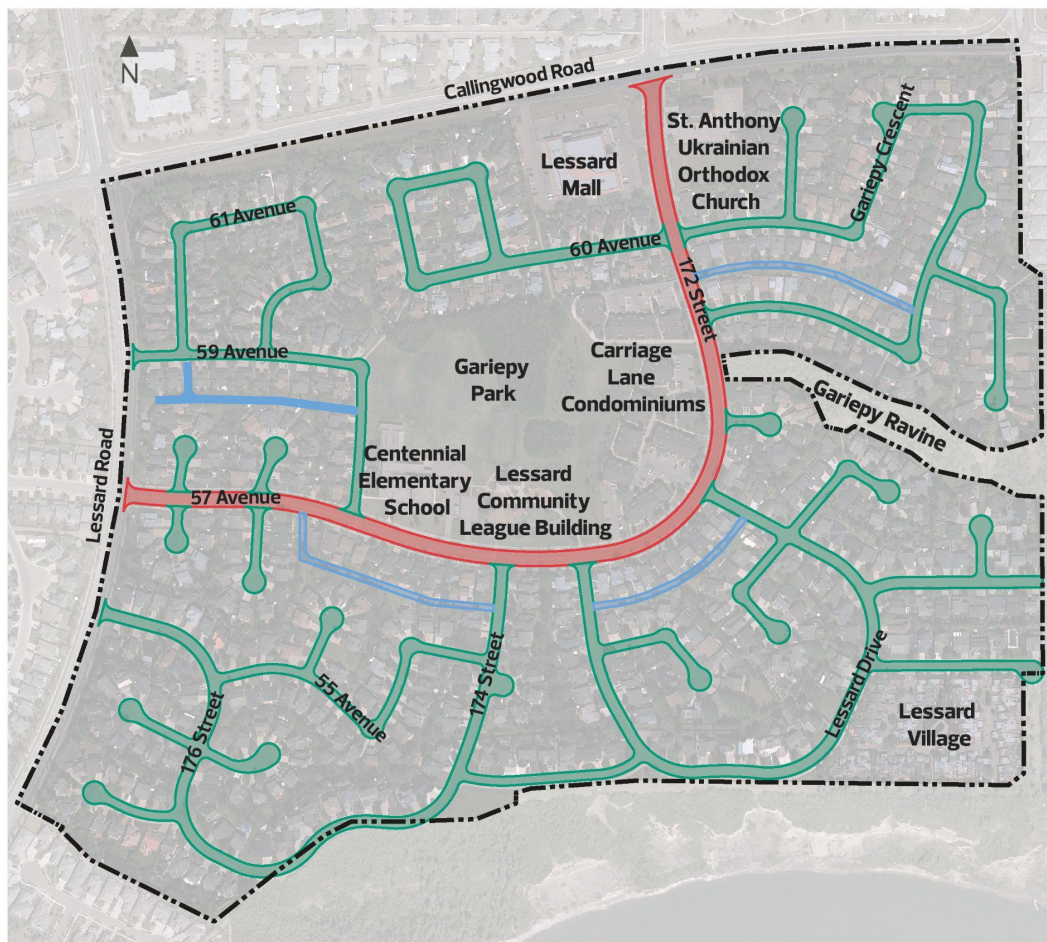

Edmonton

January 2022

Neighbourhood and Alley Renewal is coming to Gariepy and planning is underway!

Starting in Spring 2024, Gariepy will experience Neighbourhood and Alley Renewal construction. Through the City's Building Great Neighbourhoods Branch, the Neighbourhood and Alley Renewal Program will reconstruct roads, curbs, alleys, replace street lights, repair sidewalks, and where possible, connect missing sidewalk links. Other opportunities to improve city-owned parks and public spaces will also be explored. Cost sharing opportunities will be made available through the Local Improvement process for sidewalk reconstruction and decorative street light upgrades in the neighbourhood.

Neighbourhood and Alley Renewal in Gariepy is expected to be a two-year construction process in the area shown in the map below, with anticipated completion in 2025. The new infrastructure will provide enhancements to the neighbourhood for the next 30 to 50 years.

*Your project team
is excited to hear
from you!*

You may have noticed them touring the neighbourhood on October 27, 2021 to gather initial information. They will be asking for your input about infrastructure in your neighbourhood in the early stages of engagement. This will help them learn and appreciate how you live and what you value in your community.
