Administration closed 1 recommendation.

There are 36 outstanding recommendations: 35 are not yet due and 1 is overdue.

**JUNE 9, 2023**

# Closed Recommendations

Since our last report (April 19, 2023) Administration has **closed 1 recommendation.**

<b>Project Name</b>	<b>Department</b>	<b>Recommendation</b>	<b>Original Due Date</b>	<b>Closed Date</b>
1. Historic Resource Management Program	Urban Planning and Economy	Rec 3 - Assess historic resources' condition	March 31, 2023	June 6, 2023
			<b>Revised due date:</b> April 30, 2023	

On November 10, 2021, we recommended that the Planning and Environmental Services Branch formalizes the approach to assess the ongoing condition of historic resources after the completion of grant-related rehabilitation work and identify potential remediation actions.

The Historic Resource Management Program is publicly funded, and preserving historic resources in good condition is key in demonstrating the effectiveness of the usage of public funding. Assessing the conditions and proactively identifying changes in the condition of historic resources after the completion of grant-related rehabilitation work helps the Branch to be aware of and be responsive to deterioration or damages.

The Branch has developed standard operating procedures for the post-rehabilitation condition assessment of historical resources based on a risk-based approach. These procedures include weighted risk based inspection categories to determine the order of condition assessments: time since the most recent site visit, heritage importance, scale of public investment, and any other knowledge about the condition of the building. Based on these procedures and available resources, the Branch selected seven properties for site visits in 2023 and has notified the property owners.

# Overdue Recommendations

There is one overdue recommendation.

One recommendation is **more than one year overdue.**

Project Name	Department	Recommendation	Months Overdue	Due date
1. Information Technology - Disaster Recovery Planning	Financial and Corporate Services	Rec 1 - Fully implement the disaster recovery program	16	June 30, 2023 <b>Original due date:</b> December 31, 2021
