

## VENDOR LIST: SUSTAINABLE FOOD SERVICEWARE, DISHWASHERS AND TECHNICAL ASSISTANCE

**NOTE:** This is a non-exhaustive list of vendors that distribute reusable food serviceware, single-use disposables that are recyclable in Edmonton, commercial dishwashers/sinks, and/or provide technical help to organizations to transition to reusables. This list is not a preferred vendor list. You can choose to work with any distributor, whether they are listed or not. The information provided in this guide is meant to be a resource to help food facilities and organizations find options to comply with and go beyond Edmonton's Single-use Item Bylaw. Please contact the supplier directly for inventory and pricing questions.

The distributors listed here may also carry non-compliant foodware items. Be sure to confirm that what you're buying is accepted under [Edmonton's Sustainable Foodware Guide](#).

## LEGEND

### Suppliers of Reusable Food Serviceware

May include but are not limited to: food serviceware made from steel, glass, ceramic, wood, plastic or melamine. Product availability is dependent on each supplier but may include reusable items such as mugs, tumblers, cups, glasses, tumblers, utensils, chopsticks, plates, bowls, platters, takeout or to-go containers, food trays, condiment stations/dispensers, coffee/cream dispensers, sauce cups, squeeze bottles, bags and/or washware (for commercial dishwashers).

### Suppliers of Locally Recyclable Disposables

Locally recyclable materials: unlined cardboard, pulp, aluminum, and plastic (PET #1 and PP #5, starting in Spring 2023).

Not accepted for recycling: polystyrene, lined paper or pulp products, including those lined with compostable plastic (PLA).

### Suppliers of Commercial Dishwashers/Sinks

Options to buy, rent, lease, and lease-to-own.

### Providers of Advice for Transitioning to Reusables

Expert advice and support to help organizations transition from single-use items to reusables.
