

Beverly Heights Vision Zero Street Lab Plan

In 2022, a Vision Zero Street Lab was initiated which brought adaptable traffic safety measures to the Summerside neighbourhood. The Street Lab plan was installed in May 2023 and is outlined in the table and image below:

Installation and Location	Benefit
<p>What We Heard</p> <ul style="list-style-type: none"> There were concerns of vehicles speeding and pedestrian safety/visibility along 114 Avenue. <p>What We Installed</p> <ul style="list-style-type: none"> 2 parklets on 114 Avenue between 42 Street and 44 Street. 	<p>Parklets reduce speeds and add vibrancy with planters maintained by volunteers in the neighbourhood. The parklets will be approximately the size of a parked car!</p>
