## Project Update: Terwillegar Bus Lane Construction

---

As part of the ongoing work on Terwillegar Drive, we are providing an update on the current construction for the “bus-only” lane being built adjacent to Whitemud Drive eastbound, extending south to connect with the completed section of Terwillegar southbound (see drawings below). Work on the bus lane has experienced a delay due to the discovery of an unknown utility in 2023. **Work resumed this spring after resolving the utility issue and is scheduled for completion in 2026.** For ongoing updates, please visit our project web page at [edmonton.ca/TerwillegarDrive](https://edmonton.ca/TerwillegarDrive) or contact our project team listed below for specific questions and concerns.

### Construction Details

- **Retaining Wall:** Ongoing work is expected to be completed fall 2024.
- **Bus Lane:** Construction will start in fall 2024 and is anticipated to be finished by the end of 2025.
- **Noise Barrier:** Construction will begin in spring 2025, with completion anticipated for fall 2025.
- **Landscaping:** Landscaping work will begin in 2026. The plantings planned near the retaining wall are under review to determine the best viability based on the area available.

### Access

- **Whitemud Drive:** Two lanes will remain open during the day, with possible reduction to one lane at night when necessary.
- **53 Avenue and Whitemud Drive Off/On-Ramps:** Lane reductions to one lane may occur during the summer.
- Please watch for signage in the area.
