

City of Edmonton's Community Safety and Well-being Task Force

Brian Curry was born in Winnipeg and is the youngest of five children in a single parent household. He grew up in low income housing and feels he has a deep understanding of how racism and poverty can exacerbate barriers that people of colour face on a daily basis.

Moving to Edmonton with his mom looking for a fresh start, he attended the University of Alberta where he graduated with a Bachelor of Science degree in Earth Sciences. Curry has been deeply involved in the community where he coached high school football at St. Francis Xavier High School and was a board member on the Edmonton Transit System Advisory Board for three years.

He is currently enrolled in the MBA program at the University of Alberta where he hopes to focus on Data Analytics.
