

124 STREET RENEWAL PROJECT

ABOUT THE PROJECT

124 Street between 111 Avenue and 118 Avenue has been identified for renewal as part of the City's Arterial Renewal Program. In September 2018, the City of Edmonton started the **Strategy Phase** of the 124 Street Renewal project.

Upon completion of the Strategy Phase, the project will move into design and subsequent construction (subject to Council approval of funding for the next capital budget cycle 2019-2022). *124 Street Renewal* will be delivered in coordination with the *Inglewood Renewal* project.

PROJECT BOUNDARY

124 Street right-of-way (between the property lines) between 111 Avenue and 118 Avenue.

*Note: the 111 Avenue and 118 Avenue intersections are not included in the scope.

124 STREET - OBJECTIVES & BENEFITS

PROJECT OBJECTIVES

- Engage the public to understand when and how they currently use 124 Street and understand their expectations for the future design.
- Consider potential improvements and analyze their impact on existing pedestrian / bike / vehicle networks.
- Design 124 Street to meet *City of Edmonton Complete Streets Design and Construction Standards*.

PROJECT BENEFITS

Roadway and sidewalk improvements can bring many benefits to an area by providing:

- a safer and more comfortable travel experience;
- equal access to the street and improved connectivity to city-wide networks for all users;
- a more livable neighbourhood by improving access to amenities, services and businesses on the street; and
- a more appealing area that attracts people and business, and can serve more people within the same space.

124 STREET - PUBLIC ENGAGEMENT

WHY ARE WE HERE?

The 124 Street Renewal Project Team will collect feedback from local residents, businesses and commuters to better understand when and how they currently use 124 Street. We want to hear your concerns and expectations for the future design of the street.

HOW CAN YOU BE INVOLVED?

- **Talk to us!** Members of the Project Team are available for you to ask questions and provide your feedback.
- **Leave a note!** Visit the aerial map at the table and leave a sticky note about what works and doesn't work for you.
- **Get More Information!**
 - sign up to receive the newsletter for project updates
 - email the Project Team at 124street@edmonton.ca
 - visit the website: www.edmonton.ca/124streetrenewal

124 STREET - NEXT STEPS

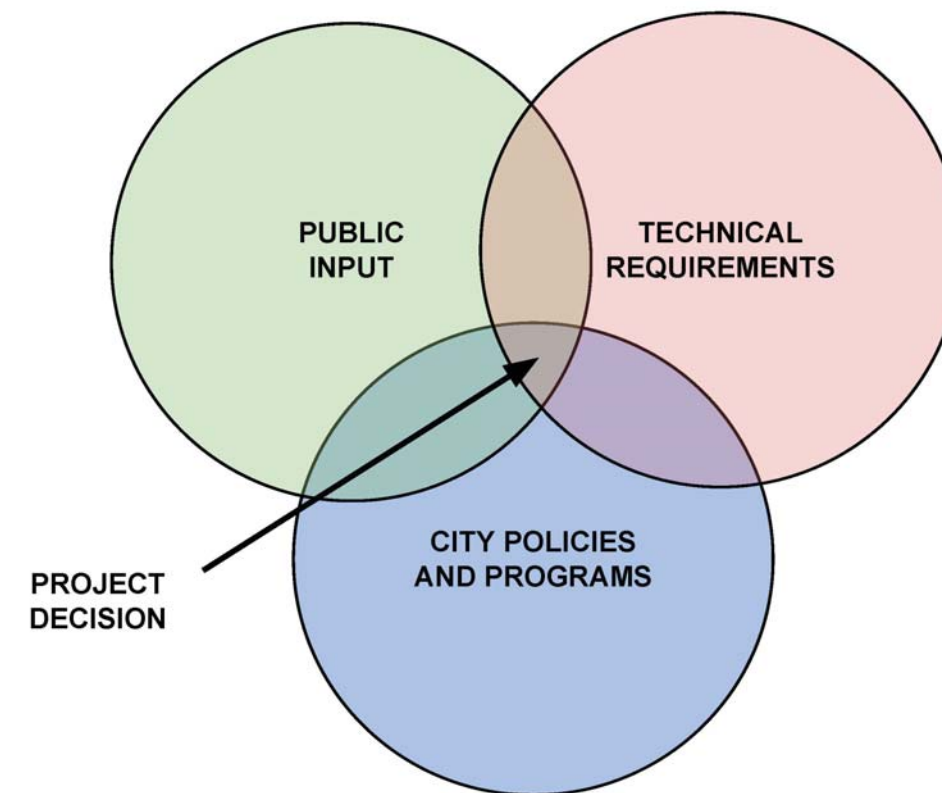

HOW WILL YOUR FEEDBACK BE USED?

The Project Team will review the feedback to better understand when and how 124 Street is being used. Your feedback will help determine what the stakeholder priorities are for future renewal of 124 Street.

WHAT WILL HAPPEN NEXT?

- Any potential improvement measures will be analyzed from an operations and financial perspective to determine their feasibility.
- Through this process, 124 Street design options will be developed for consideration and then presented at the next public event.
- In 2019, the project team will conclude the Strategy Phase by recommending a design for 124 Street renewal which will then be used for further design analysis and refinement over the next *concept*, *preliminary* and *detail design* phases.
