Healthy Aging Information Series

HEALTHY AGING

Better Choices, Better Health® Self-Management Program: A one-hour overview for a free six-week workshop for those who have an ongoing chronic condition like diabetes, high blood pressure, asthma, anxiety, depression, chronic pain, arthritis, weight challenges, etc. In a group setting, participants learn skills and techniques to help cope with the demands of their illness so they can enjoy the best quality of life possible! Three different workshops are available: Chronic Disease, Chronic Pain and Diabetes. For more information visit www.albertahealthservices.ca/bcbh.asp

Contact: Amberley Hubbard, Alberta Health Services, 780-735-1080, selfmanagement@albertahealthservices.ca

Strike out Stroke: What does FAST mean to you? Learn how to Reduce your Risks, and Recognize and React to the signs and symptoms of strokes.

Contact: Gail Elton-Smith, BScPT, Stroke Service Coordinator, Alberta Health Services, 780-407-8729, Gail.EltonSmith@ahs.ca

Skin Cancer is Preventable: Over 80,000 Canadians are diagnosed annually and the numbers continue to rise. Sun safety is key to prevention and it's never too late to begin. Successful treatment begins with early detection. Monthly skin checks will ensure you know your skin and recognize changes that happen over time. In particular, learn about the difference between a healthy mole and one that may be melanoma, the most deadly form of skin cancer.

Contact: Leona Yez, Canadian Skin Cancer Foundation, 780-423-2723 cscf@telus.net

Moving Matters: This 2 hour presentation covers all the basics of physical activity. We will look at the research and recommendations for activity and how to balance this in our lives. Let's all make a personal plan to be more active.

Contact: Christina Vesty, Alberta Health Services, 780-735-1066 Christina.vesty@ahs.ca

Stay Independent: Tips to Prevent Slips, Trips and Falls: Falls prevention is not just about stopping a fall. It is about being able to enjoy life's moments; it is about playing with grandchildren and keeping up with friends. Falls can result in injuries that stop you from daily tasks like getting in a car, rising out of a chair or carrying groceries. The good news is that you can take steps to prevent slips, trips and falls. Book this 1-hour session to share ideas on what can cause a fall and key actions you can take to prevent a fall. Join in the discussion, pick up some handouts and ask some questions.

Contact: Rosalie Freund-Heritage, Occupational Therapist, BScOT, 780-913-7035 fallspreventionchat@gmail.com

Dare to Age Well: Sleep problems? Incontinence issues? Battling arthritis? Cutting edge information for Senior Citizens who want to get older without getting old. Call us to inquire about booking a presentation with a physician. We may be able to help by providing education on a topic that your group of seniors is interested in.

Contact: Saima Rajabali, University of Alberta, 780-492-3700, srajabal@ualberta.ca

Healthy Aging Information Series

The Link between Oral Health and Systemic Health: 90-minute presentation on how oral hygiene plays an important role in your overall health. Did you know that oral hygiene has connections to cardiovascular health, diabetes, arthritis as well as epilepsy? Even a healthy mouth contains over 300 types of bacteria. More recently, oral bacteria has been linked to Parkinson's, dementia and Alzheimer's. Come and learn more about properly caring for your dentures partials and natural teeth! Available for groups with 50-75 participants. **Contact:** Tracy Fedorak, Periosmart Mobile Dental Hygiene and Dentures, 780-405-2268 tracy@periosmart.com

Older Adults and Problem Gambling: An increasing number of older adults are engaging in gambling. For some it is a coping mechanism. In other cases, it may lead to an addiction. Older adults may gamble for many reasons. What are some of the warning signs that an older adult may have a problem with gambling? Where can you find help? Where can you find more information? This one-hour presentation will provide you some pertinent information and resources related to problem gambling and the older adult. **Contact:** Leely Lew, Addiction & Mental Health, Alberta Health Services, 780-644-5022 leely.lew@albertahealthservices.ca

Mindful Aging: There are many new experiences to look forward even as we age which may evoke a whole range of emotions. We all experience aging differently and at our own rate. Since we can't stop getting older, what steps might we take to be healthier? What are the best ways we can ward off the negative effects of aging to protect our physical and mental health? Come and learn about approaches to mindful aging. Discuss what factors may have facilitated or hindered mindful aging in your life.

Contact: Laurie Young, Addiction Prevention & Mental Health Promotion, Alberta Health Services, 780-644-3629 laurie.young@albertahealthservices.ca

Gamblers Anonymous: Recovery from addiction is a lifetime process and takes place one day at a time. The GA program has saved many lives and helps people live healthier and happier lives. This session will outline what Gamblers Anonymous is all about and how it can help you or a loved one.

Contact: Pat C. @ patc47@telus.net or www.albertaga.net

Tobacco – You CAN Quit! Tobacco use continues to decline as smokers realize the benefits of quitting or cutting back! As we age, the negative impacts of tobacco use begin to appear. The good news is that quitting smoking at any age is a positive thing. The risk of a smoking related heart attack decreases by 50% one year after quitting! This session explores how to quit or cut back & explore some of reasons to do so.

Contact: Kari Jesswein, Addiction Prevention & Mental Health Promotion, Alberta Health Services, 780-415-0768 kari.jesswein@albertahealthservices.ca

HEARING LOSS

Your Third Ear: The program takes participants on a path recognizing unrealistic expectations they may have of hearing aids, accepting their reality of hearing loss, develop an understanding of what they need to do to reconnect with loved ones and learn to laugh at the foibles of hearing loss.

Contact: Cindy Gordon, Bridges Support Services, 780-428-6624 cindy@bridgesupport.com

Healthy Aging Information Series

HOUSING TRANSITIONS

Aging in Place: Recently retired? Planning to continue living in your home at 70 or 80 years of age or older? Your home may need to be redesigned: this can involve decluttering to make room for hobbies, reorganizing what you own or reconfiguring your home to meet new physical limitations and improve your safety and security. Or are you ready to start dealing with those shoeboxes of photos and years of accumulated paper? We will share proven methods that work to cut the clutter! Our fun interactive workshop is all about successfully aging in place.

Contact: Karen Murdock, Your Organized Friend, 780-996-3583 karen@yourorganizedfriend.ca or Cheri Goldstone, Simplified Spaces 780-819-7769 simplifiedspaces@shaw.ca

Home Modifications: What are home modifications and why do them? Falls are the leading cause of injury deaths of older adults and 60% occur in the home. In this presentation you will learn about the most common problems in homes, like access, stairs and bathrooms and strategies to address each of these areas. We will problem solve the barriers to home modifications by looking at the service delivery system, options for low/high cost modifications, and available funding resources.

Contact: Denise Thorsley, BScOT@780-246-3763 denise.thorsley@ahs.ca

Live Safely-Longer in Your Home: Learn about home monitoring, support and response services for individuals of all ages and situations, from lone-workers to seniors at home. From fall and flood detection to temperature monitoring, medication and appointment reminders. Additionally, the latest technology in GPS monitoring will be presented.

Contact: Jacqueline Lovely, 780-431-3744, jlovely@gss.org

Sage Housing Information: Provides information, referrals and support for seniors seeking subsidized or non-subsidized housing. We also provide information for families whose parents have experienced changes in health that might require them to move into a different type of housing.

Contact: Theresa Goba, Sage, 780-701-9018 TGoba@mysage.ca Kathleen Kelly, kkelly@mysage.ca
