

WELCOME!

105 AVENUE CORRIDOR STREETScape

Stakeholder Meeting

November 27, 2013

5 - 8 p.m.

Please take a comment form, visit the stations around the room to view the final preliminary engineering designs and talk to members of the project team.

Drop your completed comment form in the basket by the door before you leave.

There will be a presentation at 6 p.m.

Thank you!

PROJECT & MEETING PURPOSE

The City of Edmonton is improving the 105 Avenue corridor between 109 Street and 119 Street. Streetscape improvements and infill redevelopment will create the foundation for downtown Edmonton's northern edge.

The intent of this project is to revitalize and improve the appearance and function of the area for pedestrians, cyclists, and community members. This will support the creation of a sustainable, vibrant, and well-designed neighbourhood that is accessible by a variety of transportation modes and users.

At this meeting you will be able to:

- View displays and listen to presentations about the design.
- Provide feedback on the final preliminary engineering design plans and various design elements.
- Talk to the project team and ask questions.

PROJECT BACKGROUND

In 2004 the City of Edmonton prepared a strategic development plan for the Downtown North Edge area. A preliminary design study was completed in 2006 in alignment with the City's Transportation Master Plan and Walkable Edmonton Strategy.

In 2012, City Council approved \$7.4 million for construction of the 105 Avenue Corridor Streetscape.

PUBLIC INVOLVEMENT PROCESS

The public involvement process for the 105 Avenue Corridor Streetscape project has built on the input and knowledge gained from numerous studies that have been undertaken over the past several years regarding the area. Below is an outline of the public involvement process for the project:

- 2004:** The City of Edmonton prepared a strategic development plan for the Downtown North Edge area
- 2006:** A preliminary design study was completed and approved by Council in 2006. The preliminary design is in alignment with the City's Transportation Master Plan and Walkable Edmonton Strategy.
- 2012:** City Council approved \$7.4 million for design and construction
- Summer 2013:** Stakeholder Interviews and Landowner Meetings were conducted
- Fall 2013:** Stakeholder Meeting - November 27, 2013
- Early 2014:** Public Open House

NEXT STEPS

Detailed design will occur over the Fall of 2013 and Winter of 2014.

Roadway construction is expected to begin in spring 2014, with completion dependent on the limits identified during design.

Thank you for coming! Please visit our website at www.edmonton.ca/105avenuestreetscape for more information.
