Doing Business in APC

The APC can help you improve the way you do business.

APC provides vendors with a single connection to public sector purchasing in Alberta and across Canada. We strive to provide vendors with the tools and information to locate purchasing opportunities that will enable their businesses to prosper.

WHAT IS THE APC?

The Alberta Purchasing Connection (APC) enables you to view and download purchasing opportunities that have been posted by the Government of Alberta and the Province of Alberta's MASH sector. APC is the Province of Alberta's official system for posting and distributing purchasing opportunities from the Alberta public sector.

APC does not charge you for browsing opportunities or downloading opportunity documents. However, you are required to be a registered user and logged into APC to be able to download all documents necessary to bid on a purchasing opportunity.
